

SCRUBTEC 5 & 6

Highly-productive scrubber dryers

- with interchangeable brush deck

Optional chemical mixing system

Ergonomic handle and easy to understand control panel

Easy access to clean the recovery tank

Adjustable brush pressure allows optimal cleaning and protects sensitive floors

The right answer

For easy, efficient floor cleaning in hospitals, retail outlets, manufacturing plants, car dealers, garages, warehouses, restaurants, hotels, and wherever it is important that floors be kept clean.

This SCRUBTEC range of walk-behind scrubber dryers represents a modern, practical approach to effective floor cleaning. Through its policy of maintaining an ongoing dialogue with its customers, Nilfisk designs machines with features that users actually want and need. Nothing more, nothing less.

This is why the SCRUBTEC 5 & 6 series is not loaded down with fancy bells and whistles that engineers love but which customers don't need. All units in this range are built to the highest quality standards, but are simple to operate, easy to use, and available at a sensible price. In other words, the features that matter are there, the needless frills aren't.

This exciting SCRUBTEC range offers fast cleaning, effective cleaning, and inexpensive cleaning. Highly productive, these units produce a fast return on investment and represent the best value for money in walk-behind scrubber dryers.

Focus on productivity

- No tools required to change squeegee blades
- Simple, 'one-touch' dashboard control means fewer operator errors
- Large access to recovery tank speeds up cleaning time
- Easy-fill tank system allows the machine to be filled from nearest available water supply

Focus on ergonomics

- Exceptionally low noise level allows the units to be used anytime, even in noise sensitive areas
- Excellent line of sight
- Automatic brush on/off feature eliminates the need to manually change brushes
- Ergonomic handle with large palm switches

Focus on reliability

- Durable polyethylene body lasts longer with less maintenance
- Floating brush deck, large wheel traction, waterproof electrical control box and 'extra-step' design quality ensure reliability and longer machine life

Focus on efficiency

- Interchangeable brush decks with 2 disc sizes (53 & 61 cm) or 51 cm cylindrical
- Adjustable scrubbing pressure provides the best results under all conditions
- Large non-marking wheels for easy turning and use on any kind of floor
- Large range of accessories to 'custom-fit' the machine for individual needs
- Options include on-board battery charger and chemical mixing system

Always the right machine for your needs

SCRUBTEC 5 & 6 offers fast, effective and inexpensive cleaning. These highly productive scrubber dryers produce a fast return on investment and represents great value for money with in walk-behind scrubber dryers. Suitable for easy and efficient floor cleaning in manufacturing plants, car showrooms, garages, warehouses and wherever its important that floors are kept clean. Apart from the interchangeable brush deck, other features include an exceptionally low sound level, adjustable scrubbing pressure and a dashboard that is designed to reduce typical operator errors.
